## CATERING & HOSPITALITY INDUSTRY

### **HAND DISHWASHING DETERGENTS**

**GLEAMEX** – Concentrated hand washing liquid detergent for dishes, pots and pans. Mild on hands, pleasant lemon fragrance.

Packaging options:- 5L, 15L, 200L

**HI CLEAN** – Liquid general purpose detergent for all hand washing applications. Safe to use on any surface. Suitable for dishes, floors and benches. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L, 1000L

### **MACHINE DISHWASHING DETERGENTS**

**RINSEX** – Rinse aid for eliminating water spots from glassware, crockery and silverware in automatic dishwashing machines.

Packaging options:- 5L, 15L, 200L

**MACHINEX** – Liquid alkali chlorinated detergent for automatic dishwashing machines, used in conjunction with our electronic dosing equipment.

Packaging options:- 5L, 15L, 200L, 1000L

**SCALENEX** – Liquid acidic detergent for removing hard water scale in dishwashers, urns, tea and coffee pots.

Packaging options:- 5L, 15L, 200L, 1000L

**SPRAYNEX** – Powdered, non-foaming detergent containing chlorine which has been formulated for use in domestic and commercial automatic dishwashing machines. It is formulated for maximum effectiveness, particularly where difficult to remove contaminants such as traces of egg, lipstick, tannin and heavy grease are involved.

Packaging options:- 5kg, 20kg

### **HOUSEKEEPING CLEANERS**

**CERAMA** – Powdered cleanser – de-stainer for hard surfaces such as ceramic tiles, grouting, toilet bowls, baths and hand basins.

Packaging options:- 4kg,

**LIFT OFF CRÈME CLEANSER** – Non-abrasive liquid crème cleanser, pleasantly perfumed, for use on sinks, baths, basins and stainless steel surfaces.

Packaging options:- 5L, 15L, 200L

**SAPPHIRE** – Acidic toilet bowl and urinal cleanser with pleasant bouquet fragrance.

Packaging options:- 5L, 15L, 200L

**VISION** – Window cleaner which gives a streak free, non-smearing finish to all mirror and glass surfaces.

Packaging options:- 5L, 15L, 200L

**BLEACH** – Chlorinated bleaching compound for cleaning and sanitising of areas prone to mould and bacteria build up. Ideal for showers, baths and toilets. Also has use in exterior applications.

Packaging options:- 5L, 15L, 200L

## CATERING & HOSPITALITY INDUSTRY

### **GENERAL PURPOSE CLEANERS**

**HEAVI** – Powdered alkali cleanser for deep fat fryers and chicken rotisserie racks. Not suitable for use on aluminium.

**FLOOR SPARKLE** – A powerful water based floor cleaner for safe and effective removal of heavy grease and soil deposits.  
Packaging options:- 1L 5L, 15L, 200L

**NEPTUNE** – Extra heavy duty oven and grill cleaner. Complex formula to ensure rapid break down of the heaviest of soils  
Packaging options:- 5L, 15L, 200L

**OVEN MATE** – OVEN MATE is a powerful cleaner for ovens, grills, hot plates, barbeques and other kitchen surfaces which are heavily soiled with grease, fat or burnt-on food.  
Packaging options:- 5L, 15L, 200L

**RAPID** – Heavy duty liquid cleaner for the removal of fats and greases on walls, floors and equipment. Suitable for use on aluminium. *Suitable for use in export meat establishments*  
Packaging options:- 1L, 5L, 15L, 200L, 1000L

**S21 MULTI PURPOSE CLEANER** – General purpose non-caustic hard surface cleaner. Removes grease / grime and difficult stains. *Suitable for use in export meat establishments.*  
Packaging options:- 1L, 5L, 15L, 200L, 1000L

### **SANITISERS / CLEANSERS**

**ALCOHOL SPRAY 70%** – Alcohol spray 70% is suitable for industrial cleansing and sanitising where minimal water and low odour is desired.  
Packaging options:- 15L, 200L

**LEMONEX** – Concentrated liquid sanitiser / cleanser for use in toilets, bathrooms and general areas. Leaves a pleasant lemon fragrance.  
Packaging options:- 5L, 15L, 200L

**PINEX** – Super concentrated pine fragranced liquid sanitiser / cleanser for use in toilets, bathrooms and general areas.  
Packaging options:- 5L, 15L, 200L

**ENVIRO PINE** – Concentrated, high viscosity pine oil based sanitiser. Ideal for janitorial and general maintenance cleaning of offices, stores, workshops and toilets. Eco friendly biodegradable formulation  
Packaging options:- 5L, 15L, 200L

**SPICE AIR** – Spice fragranced sanitiser for use in toilets, bathrooms and general areas. Can be applied by jet spray as an effective room deodorizer.

**PLEASANT** – Unique cleaner, sanitiser and deodoriser containing powerful quaternary ammonium germicide to kill a wide range of disease causing bacteria. Pleasantly perfumed aroma gives surfaces that just cleaned smell.  
Packaging options:- 5L, 15L, 200L

## CATERING & HOSPITALITY INDUSTRY

### **FLOOR TREATMENT PRODUCTS**

**DUBL KLEEN** – Dual purpose cleanser for mopping and spray buffing polished floors. DUBL KLEEN finds best application as a routine cleaner after application of Link Seal 30.

Packaging options:- 5L, 15L, 200L

**LINK SEAL 30** – Metal link sealer / finish polish, self shine, high gloss with hard surface finish. Ideal for linoleum, vinyl, cork and timber.

Packaging options:- 5L, 15L, 200L

**STRIP IT** – Heavy duty stripper for polished and waxed floors.

Packaging options:- 5L, 15L, 200L

### **CARPET & FABRIC CLEANING PRODUCTS**

**STEAM IT LIQUID** – A highly concentrated, low foam liquid carpet cleaner for use in extraction and carpet steam cleaners containing optical brighteners and emulsifiers and no dyes to provide optimum results. Pleasant fragrance

Packaging options:- 5L, 15L, 200L

**SYMPHONY** – Fragranced liquid concentrate for use in hot water extraction, carpet cleaning machinery.

Packaging options:- 5L, 15L, 200L

**B4 SPOTTING SPRAY** – A spotting spray for removing food and beverage stains, which includes orange juice from carpets. Versatile in use for Laundry application and carpets. A specialty blend with remarkable soil dispersing qualities.

Packaging options:- 5L, 15L, 200L

### **BEER LINE AND GLASS CLEANERS**

**GLASS WASH** – Non foaming liquid detergent for glass washing machine equipment

Packaging options:- 5L, 15L, 200L

**LINE X BLC** – Liquid beer line and equipment cleanser.

Packaging options:- 5L, 15L, 200L

**T.S.P TRI SODIUM PHOSPHATE** – Powdered detergent for cleaning beer lines and extracting equipment.

Packaging options:- 10kg, 25kg

### **HAND SOAPS & SCRUBS**

**ALCOHOL SPRAY 70%** – Alcohol based hand sanitiser spray for bacteria control. Used without the addition of water. *Suitable for use in export meat establishments.*

Packaging options:- 15L

**ACCENT LIQUID SOAP** – Fragranced liquid soap for use in domestic and commercial applications. Pleasantly fragranced

Packaging options:- 5L, 15L

**PROTECT** – Vicious hand soap non perfumed designed for use in food preparation areas. Protect contains a broad spectrum bactericide to control unwanted bacteria growth. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 110L, 200L

**SANEX** – Liquid sanitising hand wash, designed for hand cleaning and sanitation by workers in the food processing industry and catering industries. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L

**WASHEX** – Liquid hand wash for workers in the food and catering industry. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L

## CATERING & HOSPITALITY INDUSTRY

### **HAND SOAPS & SCRUBS**

**AERO HANDWASH** – Fragrance free liquid hand soap enriched with conditioning agents to ensure maximum cleaning action without affecting sensitive skin. Unique foaming action promotes better coverage.

Packaging options:- 5L, 15L, 200L

**LIGHTNING HAND SCRUB** – Abrasive non petroleum hand cleaner formulated for the removal of oil, grease and grime.

Packaging:- 5kg, 20kg

### **DEODORISERS**

**FRESH BLOCKS** – Fragrant jumbo deodorant blocks to neutralise unpleasant odours in toilets and urinals.

Packaging:- 4kg, 8kg, 16kg

**SAN CARE** – Sanitiser / space deodorizer with residual tutti fruity fragrance.

Packaging options:- 5L, 15L, 200L

### **LAUNDRY POWDERS & LIQUIDS**

**BLUE BRITE** – Quality free flowing laundry powder containing optical brighteners for use in domestic and light institutional laundries. Lemon fragrance and suitable for hot or cold water.

Packaging:- 15kg

**FOREST BIOWASH** – Premium quality enzymatic laundry powder with a strong residual fragrance for use on heavily soiled garments. For use in domestic and light industrial laundries. Use in cold or warm water.

Packaging:- 5kg, 15kg, 20kg, 200kg

**SUDS 200** – Medium to heavy duty alkaline industrial laundry powder. Exceptional performance in removal of blood and proteins from clothing. Suitable for use in export meat establishments.

Packaging:- 15kg, 180kg

**LAUNDA** – Laundry detergent powder containing a blend of anionic, non anionic surfactants to lift dirt from clothes, with added water softeners and soil dispersants.

Packaging:- 15kg, 180kg

**TREASURE** – Concentrated enzymatic premium perfumed laundry liquid formulated to brighten and clean clothes and help reduce pilling in cotton garments. Suitable for domestic use and can be used in warm or cold water.

Packaging:- 5L, 15L, 200L

**BLOOM** – Concentrated perfumed laundry liquid with benefit of optical brighteners for a cleaner wash suitable for hot or cold water.

Packaging:- 5L, 15L, 200L

## CATERING & HOSPITALITY INDUSTRY

### **MISCELLANEOUS LAUNDRY PRODUCTS**

**B4 PREWASH SPRAY** – Concentrated pre-wash spotting spray for the removal of grease, grass and oil stains from garments.

Packaging options:- 5L, 15L, 200L

**BLEACH** – 4% Sodium Hypochlorite bleach for use in laundries for white and colour-fast cottons and linens. Will remove stains, mildew and scorches.

Packaging options:- 5L, 15L, 200L

**HYDROGEN PEROXIDE** – 35% / 50% Liquid Oxygen bleach for removal of stains in both commercial and domestic laundries. Consult your Environex representative for advice on the correct use of this product.

Packaging options:- 25kg, 225kg

**OXYBRITE** – Oxygen bleaching powder, for soaking white and coloured garments. Can be used in the first rinse cycle in the washing machine or as a soak.

Packaging options:- 5kg, 15kg, 200kg

**SOFT TOUCH** – Concentrated liquid fabric conditioner softener and anti-static agent with pleasant fragrance.

Packaging options:- 5L, 15L, 200L

### **ON PREMISE LAUNDRIES (O.P.L)**

**ESCAPE** – Liquid break wash for O.P.L

*Suitable for use in export meat establishments.*

Packaging options:- 15L, 110L, 200L

**IDEAL** – Liquid enzyme enhanced laundry detergent for removal of blood, grass and faecal stains, designed for manual machines and O.P.L *Suitable for use in export meat establishments.*

Packaging options:- 15L, 110L, 200L

**HYDROGEN PEROXIDE** – 35% / 50% Liquid Oxygen bleach for removal of stains in both commercial and domestic laundries. Consult your Environex representative for advice on the correct use of this product.

Packaging options:- 25kg, 225kg

**PHOSSIC** – Blended liquid acidic sour designed for O.P.L. *Suitable for use in export meat establishments.*

Packaging options:- 15L, 110L, 200L

**ECLIPSE** – Fabric softening agent for O.P.L *Suitable for use in export meat establishments.*

Packaging options:- 15L, 110L, 200L

**CO-SOLVE** – Solvent emulsion laundering aid for use on grease or food stained garments. Add to the break wash cycle.

Packaging options:- 15L, 110L, 200L

## STONECARE & ANTI-GRAFFITI COATINGS

### **GRAFFITI COATINGS**

**GRAFFITI SHIELD F** – Sacrificial environmentally friendly water based acrylate polymeric system which provides almost invisible protection against permanent defacement from graffiti attacks with aerosol spray cans etc. Lasts up to 5 years  
Packaging options:- 20L, 200L

**GRAFFITI SHIELD G** – Non-sacrificial clear or coloured UV stable, cross-linked, acrylic urethane system for protection of building surfaces against graffiti defacement. Will darken surface applied to. 15yr Warranty.  
Packaging options:- 10L+ 1.25L two pack system

### **GRAFFITI CLEANERS**

**GRAFFITI CLEAN 400** – One step graffiti removal. User-friendly organic solvent solution designed to remove certain types of graffiti from all types of building surfaces.  
Packaging options:- 20L

**GRAFFITI CLEAN 500** – Caustic based solution designed to remove certain types of graffiti from all types of building surfaces.  
Packaging options:- 20L

**GRAFFITI CLEAN EA** – Solvent based cleaner used for cleaning and rinsing spray equipment used in the application of Graffiti G.  
Packaging options:- 20L

### **STONECARE CLEANERS**

**AMAZE** – Heavy duty acid based detergent for the removal of grout, cement smears and stains from masonry & surfaces before sealing.  
Packaging options:- 1L, 5L, 15L, 200L

**ANTI-EFF** – Heavy duty acidic cleaner specifically designed to remove efflorescence from masonry, pavers, terracotta, slate or sandstone.  
Packaging options:- 1L, 5L, 15L, 200L

### **STONECARE CLEANERS**

**BAN RUST** – Used for removal of brownish coloured bore water, rust & organic stains.  
Packaging options:- 1L, 5L, 15L, 200L

**FLOOR SPARKLE** – Is a heavy duty powerful water based alkaline floor cleaner designed for removal of heavy grease and oil deposits.  
Packaging options:- 1L, 5L, 15L, 200L

**GREEN DEVIL** – Specialty acidic detergent for removing iron vanadium deposits, bore water stains and brake carbon. Also used to brighten aluminium.  
Packaging options:- 1L, 5L, 15L, 200L

**HD CLEANER** – Water based degreaser detergent for removal of heavy grease and soil deposits encountered in kitchen, food preparation areas, plant, machinery and workshops. It is also ideally suited for cleaning masonry prior to sealing.  
Packaging options:- 1L, 5L, 15L, 200L

**MAESTRO** – Strongly chlorinated cleaner designed to remove organic stains such as moss, mould, tannins & organic stains.  
Packaging options:- 5L, 15L

**REFRESH** – pH neutral detergent designed for routine everyday cleaning of all sealed surfaces.  
Packaging options:- 1L, 5L, 15L, 200L

**S21 MULTI PURPOSE CLEANER** – General purpose non-caustic hard surface cleaner. Removes grease / grime and difficult stains & tyre marks from driveways.  
Packaging options:- 1L, 5L, 15L, 200L

**SAPPHIRE** – Is a blend of acids and nonionic surfactants designed to remove stubborn stains such as red dirt.  
Packaging options:- 1L, 5L, 15L, 200L

**SD 6** – Is an alkaline iron stain remover that will rapidly convert yellow brown insoluble iron stains.  
Packaging options:- 5L, 15L, 200L

**VANISH** – Is a two part bleaching cleaner designed for the cleaning of transition colour metal bodies from sandstone and siliceous surfaces.  
Packaging options:- 1L, 5L

## STONECARE & ANTI-GRAFFITI COATINGS

### **PENETRATING SEALERS**

**ADVANTAGE** – Used on porcelain and dense stone. Will leave surface with a natural finish and protect from common spills.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**CLEARSEAL** – A water based sealer best used as a pre-seal to help with clean up or as a sealer for masonry walls.

Packaging options:- 1L, 5L, 15L, 200L

**PINNACLE – 5 YR WARRANTY** – Alcohol based penetrating sealer designed for maximum stain protection. PINNACLE may alter the look of the surface by slightly darkening stonework. This product comes with a 5 year warranty.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**TUSCAN SEAL – 3 YR WARRANTY** – Penetrating solvent based sealer designed to give protection from common spills. TUSCAN SEAL will leave the surface with a natural finish. This product comes with a 3 year warranty.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**SYNERGY – CSIRO TESTED AGAINST SALT ATTACK – 2 YR WARRANTY.** New generation penetrating liquid that consolidates, hardens and binds the surface of porous and friable masonry materials. Assists in the prevention of salt attack around swimming pools. 2yr warranty

Packaging options:- 300g, 1L, 4L, 10L, 20L, 200L

### **SURFACE COATINGS**

**ENDURE** – A solvent based acrylic resin designed to give a wet look to surfaces where it is applied. Can be applied to Slate, Sandstone and most types of pavers.

Packaging options:- 1L, 4L, 10L, 20L, 200L

### **SURFACE COATINGS**

**HI-LITE – 3 YR WARRANTY** – Darkens and highlights the natural colours of stonework, without the slippery result left on the surface. Suitable for indoor and outdoor use.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**UNIVERSAL STONESEAL** – Water based acrylic sealer designed to give a low sheen finish. Can be applied on Sandstone, Slate and paving surfaces. Suitable for indoor and outdoor use.

Packaging options:- 1L, 5L, 15L, 200L

### **CONSOLIDATORS**

**DEFEND – CSIRO TESTED AGAINST SALT ATTACK – 5 YR WARRANTY.** Sandstone / Limestone consolidator. Penetrating, invisible and breathable liquid that strengthens and binds the surface of porous and friable surfaces, especially Limestones and Sandstones around swimming pools. DEFEND is not a sealer, it is a consolidator. It must be sealed with Pinnacle or Tuscan.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**SYNERGY** – New generation penetrating liquid that consolidates hardens and binds the surface of porous and friable masonry materials. Assists in the prevention of salt attack around swimming pools. 2yr warranty

Packaging options:- 300g, 1L, 4L, 10L, 20L, 200L

### **STRIPPERS**

**CYCLONE** – Will remove Endure.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**MULTI-STRIP** – Will remove Endure and Stoneseal and most acrylic sealers on the market.

Packaging options:- 1L, 4L, 10L, 20L, 200L

**STRIP IT** – Is a non-ammoniated stripping compound for removal of acrylic metal cross-linked compounds such as Link Seal 30.

Packaging options:- 1L, 5L, 15L

## FOOD PROCESSING INDUSTRY

### **GENERAL PURPOSE DETERGENTS CLEANSERS & SANITISERS**

**ALL CLEAN** – A premium grade powdered, high foaming, general purpose detergent for all hand washing of equipment in food processing industries. Suited to hard water conditions. *Suitable for use in export meat establishments.*

Packaging options:- 15kg, 200kg

**ANTI-FOAM FG** – Concentrated compound to eliminate foaming in bottle washing and CIP systems in the food industry. *Suitable for use in export meat establishments.*

Packaging options:- 1L, 5L, 15L, 200L

**BOOT WASH** – Detergent for cleaning and sanitising work boots via bath application, for use in food processing areas. *Suitable for use in export meat establishments.*

Packaging options:- 15L, 200L

**CHLOROFOAM 273** – Soft metal safe premium foaming cleaner for use on all food processing equipment including aluminium. Exceptional grease cutting properties.

Packaging options:- 5L, 15L, 200L

**GALAXY SOFT** – Specialised foaming detergent sanitiser suitable for use with soft metals. Contains chlorine.

Packaging options:- 15L, 200L

**HI CLEAN** – Liquid general purpose detergent for all hand washing of equipment in the food processing industry. Safe on all surfaces. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L

**JOURNEY** – A 'one shot' high foaming, alkaline detergent / sanitizer with in built corrosion inhibitors, foam stabilisers and anti-redeposition agents. *Suitable for the cleaning of equipment in food processing industry. Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L

### **GENERAL PURPOSE DETERGENTS CLEANSERS & SANITISERS**

**KLORONEX** – High grade chlorinated powdered detergent high foaming for all hand washing of equipment in food processing industries. *Suitable for use in export meat establishments.*

Packaging options:- 15kg, 200kg

**PHOSSIE DET** – Concentrated acid foam cleaning compound with built in detergency removal from surfaces, calcium and lime based deposits from hard water and food and dairy processes, soap scum, mineral stains, efflorescence and rust stains.

Packaging options:- 15L, 200L

**FAC** – Foaming acid cleaner. Phosphate free. Ideal for foam cleaning of all food processing equipment.

Packaging options:- 15L, 200L

**RAPID** – Low foam heavy duty liquid cleaner for the removal of fats and greases on walls, floors and equipment. *Suitable for use in export meat establishments.*

Packaging options:- 1L, 5L, 15L, 200L

**S21 MULTI PURPOSE CLEANER** – General purpose, non-caustic hard surface cleaner. Removes grease and grime and difficult stains. Can be used on aluminium. *Suitable for use in export meat establishments.*

Packaging options:- 1L, 5L, 15L, 200L

**PENTACLEAN** – New generation foaming cleaner with outstanding durability and performance. Excellent for cleaning fats, greases and oil deposits and finds application in protein removal in meat and dairy establishments.

Packaging options:- 15L, 200L

**SATURN** – Neutral foaming cleaner degreaser for hand washing or COP cleaning of equipment. Excellent foaming qualities and safe on soft metals.

Packaging options:- 15L, 200L

## FOOD PROCESSING INDUSTRY

### **HEAVY DUTY ALKALINE CLEANSERS**

**ASTRO CHLOR** – Chlorinated foam cleaner and sanitiser for the use in food processing industries. Designed to quickly break down soil deposits in food processing plants. *Suitable for use in export meat establishments.*

Packaging options:- 15L, 200L, 1000L

**ATLAS – Scalding additive and CIP liquid detergent – Aluminium safe.** Metasilicate-based liquid foaming, alkaline, biodegradable detergent. ATLAS does not contain caustic potash or caustic soda and is specifically formulated for clean-in-place equipment where soft metals (particularly aluminium) are exposed.

Packaging options:- 15L, 200L, 1000L

**CARBO CLEAN** – Liquid non-foaming detergent for poly carbonate bottle washing.

Packaging options:- 15L, 200L, 1000L

**GALAXY** – Specialised foaming detergent sanitiser for use in the food industry for cleaning, sanitising and emulsification of grease, oil and fats. GALAXY is suitable for use in all areas of meat and fish export establishments as a detergent sanitiser.

Packaging options:- 15L, 200L, 1000L

**HEAVI (STD or No Foam)** – Powdered heavy duty alkaline detergent for the removal of stubborn deposits in the food processing industry. Do not use on galvanised tin, aluminium, plate or alloys. Also available in a 'No Foam' version – where excessive foam may cause problems, for example in high pressure CIP systems.

Packaging options:- 5Kg, 15Kg, 200Kg, 80 x 2.5kg

**NEBULA** – Specialised foaming detergent sanitiser for use in the food industry for cleaning, sanitising and emulsification of grease, oil and fats. It is designed to only produce low odour levels of chlorine during cleaning.

Packaging options:- 15L, 200L, 1000L

### **HEAVY DUTY ALKALINE CLEANSERS**

**OMEGA** – Liquid low foaming CIP cleaner. Alkaline and biodegradable specifically designed where soft metal is present.

Packaging options:- 15L, 200L, 1000L

**CIRCUIT PLUS** – Unique Alkali blend for CIP cleaning. Circuit plus is formulated to minimise the frequency of acid washers in your CIP set. Consult your Environex representative for usage rates on this product line.

Packaging options:- 15L, 200L, 1000L

**TANK CLEAN** – Liquid alkaline, low foam cleanser for cleansing bulk tanks, silos and milk tankers. Designed for CIP cleaning. Excellent for smoke house degreasing. Suitable for use in export meat establishments.

Packaging options:- 15L, 200L, 1000L

**LC 163** – Liquid alkali blend for CIP. Contains unique surfactant and sequestrants to ensure maximum efficiency

Packaging options:- 15L, 200L, 1000L

### **ACIDIC DETERGENT CLEANSERS / SANITISERS**

**ACIDEX** – Powdered acidic detergent for the removal of mineral deposits from stainless steel equipment within the food processing industries.

Packaging options:- 15kg, 200kg, 80 x 2.5kg

**BACEX FOAM** – Liquid acidic sanitiser for use in the food processing industry. Does not contain chlorine. QAC phenolics or iodine.

Packaging options:- 15L, 200L

**SCALENEX** – Liquid acidic detergent for the removal of hard water scale from equipment. *Suitable for use in export meat establishments.*

Packaging options:- 1L, 5L, 15L, 200L, 1000L

## FOOD PROCESSING INDUSTRY

### **ACIDIC DETERGENT CLEANSERS / SANITISERS**

**SPIRONEX** – Liquid acidic cleanser – low foam. Ideal for all CIP applications. Ideal for UF plants. Acid Blend. *Suitable for use in export meat/dairy establishments.*

Packaging options:- 15L, 200L, 1000L

**PHOSSIE DET** – Concentrated acid foam cleaning compound with built in detergency removal from surfaces, calcium and lime based deposits from hard water and food and dairy processes, soap scum, mineral stains, efflorescence and rust stains.

Packaging options:- 15L, 200L

**FAC** – Foaming acid cleaner. Phosphate free. Ideal for foam cleaning of all food processing equipment.

Packaging options:- 15L, 200L

### **HAND SOAPS FOR USE IN FOOD PROCESSING INDUSTRIES**

**AERO HANDWASH** – Fragrance free liquid hand soap enriched with conditioning agents to ensure maximum cleaning action without affecting sensitive skin. Unique foaming action promotes better coverage.

Packaging options:- 5L, 15L, 200L

**PROTECT** – Vicious hand soap non perfumed designed for use in food preparation areas. Protect contains a broad spectrum bacteriostat to control unwanted bacteria growth. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 110L, 200L

**SANEX** – Liquid sanitising hand wash, designed for hand cleaning and sanitation by workers in the food processing and catering industries. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 110L, 200L

### **HAND SOAPS FOR USE IN FOOD PROCESSING INDUSTRIES**

**WASHEX** – Liquid hand wash for workers in the food and catering industry. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 110L, 200L

### **SANITISERS**

**QUAT CLEAN** – Highly effective QAC liquid sanitiser, deodorizer, disinfectant for all types of surfaces. Applications by spraying / swabbing diluted solutions. *Suitable for use in export meat establishments.*

Packaging options:- 5L, 15L, 200L

**QT50** – Highly active quat sanitiser, deodorant and fungicide. Twin chain to provide a broader spectrum coverage against bacteria.

Packaging options:- 15L, 200L

## DAIRY FARM INDUSTRY

**ADDEX** – Emollient additive for teat dips to help in controlling chafing and cracking of cow teats.

Packaging options:- 15L, 200L, 1000L

**TEAT TREAT 250** – Teat spray or DIP. Mix ratio of 1:4. contains high level of emollient.

Packaging options:- 15L, 200L, 1000L

**TEAT TREAT RTU** – Ready to use teat spray with emollient.

Packaging options:- 15L, 200L, 1000L

**CIP KLEN** – Liquid heavy duty alkaline detergent for cleaning milk machines and milk tanks/vats.

Packaging options:- 15L, 200L, 1000L

**DAIRY SEIGE** – Liquid acidic / iodophor cleanser with complex surfactant system formulated to be used at 35°C to clean and control bacteria in milking equipment.

Packaging options:- 15L, 200L, 1000L

**DAIRY KLEN – (STD OR LOW FOAM)** – Powdered alkaline detergents for the cleansing of milking machines and dairy equipment. Tolerates water hardness up to and including 800mg/L. Available in foaming and non foaming options.

Packaging options:- 15Kg, 200Kg

**DUAL KLEN PLUS** – Powdered hard water detergent combined with a chlorine sanitiser for efficient cleansing/sanitising in any water hardness.

Packaging options:- 15Kg, 200Kg

**EXPRESS** – Unique acid CIP cleaner containing a synergy of acids for effective rapid removal of milk stone, calcium and hard water scale.

Packaging options:- 15L, 200L, 1000L

**GLYCERINE – ADDITIVE FOR TEAT DIPS** – Food grade.

Packaging options:- 15L, 200L

**IO KLEN – (STD OR LOW FOAM)** – Liquid iodophor sanitising compound for milking machines and bulk tanks. CIP or COP in both foaming and non foaming options.

Packaging options:- 20L, 200L, 1000L

**PLATE KLEN** – Heavy duty alkaline powdered detergent for the removal of fats and solids from milking machines and equipment. Commonly known as a “Bomb” wash.

Packaging options:- 10kg

**PROPYLENE GLYCOL** – Food grade.

Packaging options:- 15L, 200L

**RINSA** – Cold water rinse additive for milking machines and bulk tanks. Rinsa is a biodegradable rinse additive designed for aiding in the removal of soil deposits prior to commencing the main CIP wash.

Packaging options:- 15L, 200L, 1000L

**SCALE KLEN POWDER** – Acidic detergent for the removal of milkstone and hard water staining. Formulated with sulfamic acid. Great powder option with extraordinary cleaning power.

Packaging options:- 15kg, 200kg

**SCALE KLEN LIQUID** – Phosphoric acid based acid CIP cleaner for milk machines and vats.

Packaging options:- 20L, 200L, 1000L

**SOLO PLUS** – A Liquid alkali CIP solution containing a synergistic blend of surfactants and sequestrants designed to minimise the frequency of acid washing in milk machines.

Packaging options:- 15L, 200L, 1000L

## INDUSTRIAL & VEHICLE CLEANING

**AUTOMATE** – Concentrated detergent specifically formulated for the cleaning of trucks, buses, cars and all commercial vehicles.

Packaging options:- 5L, 15L, 200L, 1000L

**BIG RIG GREEN** – Newly formulated biodegradable truck wash designed to remove heavy soil deposits from large commercial equipment.

Packaging options:- 5L, 15L, 200L, 1000L

**BAN RUST** – Bore water and rust stain removal from masonry, buildings and fibreglass boats.

Packaging options:- 5L, 15L, 200L, 1000L

**BRITE-AL** – Acidic cleaner and brightener for aluminium. i.e. truck bodies, seaintainers and caravans.

**\*\*Schedule 7 License required to purchase this product\*\***

Packaging options:- 5L, 20L, 200L

**CARBONEX** – Liquid decarbonising compound for removing carbon, resin, paint and varnish from alloys, iron and ferrous products. Use in non-agitated soak tanks.

Packaging options:- 15L, 200L

**CHEMI-POT** – Chemical toilet treatment for use in portable and chemical toilets.

Packaging options:- 5L, 15L, 200L, 1000L

**CRUSTEX** – Soil stabilisation and dust suppressor. Ideal for mining applications to control dust in production. Ideal for revegetation where ground cover requires stabilisation.

Packaging options:- 20L, 200L, 1000L

**FLOOR KLEEN X** – Heavy duty pine oil based floor cleaning detergent designed to remove grease and oil stains from concrete floors.

Packaging options:- 5Kg, 22Kg

**GREEN DEVIL** – Specialty acidic detergent for removing iron ore dust deposits, remove bore water stains and brake carbon and brighten aluminium.

Packaging options:- 5L, 15L, 200L, 1000L

**LIGHTENING HAND CLEANER** – An antiseptic hand cream containing lanolin and glycerine for maximum protection of skin. Ideal for garages and workshops. Contains pumice for extra dirt removal.

Packaging:- 5kg, 20kg

**HD CLEANER** – Heavy duty cleaner for removing heavy grease, diesel fumes and road grime from truck engines and bodies.

Packaging options:- 1L, 5L, 15L, 200L, 1000L

**SCALE KLEN** – Acidic detergent for removal of light rust formation from steel surfaces, will leave light phosphate coating to assist paint adhesion.

Packaging:- 1L, 5L, 20L, 200L, 1000L.

**SOLVEX** – Safety solvent for fast and safe cleaning of electrical equipment plus many cleaning jobs where water is undesirable.

Packaging:- 20L

**STEEL CLEAN** – Inhibited liquid acid cleanser for rust removal from metal. STEEL CLEAN is recommended for efficient fast removal of concrete from concrete trucks and mixers.

Packaging:- 20L, 200L, 1000L.

## **WATER TREATMENT CAPABILITIES**

### **WATER TREATMENT CHEMICALS**

- Corrosion Inhibitors
- Antiscalants
- Antifoulants
- pH correction chemicals
- Flocculants
- Coagulants
- Filter aids
- Membrane cleaners
- Antifoams
- Defoamers
- Water softening chemicals
- Biocides
- Odour control chemicals
- Bio augmentation aids
- Cleaning chemicals
- Sludge dewatering chemicals
- Food grade defoamers
- Industrial process defoamers
- Dewatering aids
- Demulsifiers
- Mould release agents
- Water treatment flocculants and coagulants
- Acid cleaning chemicals
- Acid inhibitors

### **WATER TREATMENT EQUIPMENT**

- Chemical metering pumps
  - Chemical dosing controllers
  - Corrosion monitoring equipment
  - Water chemistry probes
  - Automatic dosing equipment
  - Mobile dosing units
- \* A system can be designed to suit your specific requirements \***

### **WATER TREATMENT SERVICES**

- Commercial water treatment
- Industrial water treatment
- Boiler water treatment
- Cooling water treatment
- Wastewater treatment services
- Membrane filtration services
- Industrial chemical cleaning
- Solids / Liquid separation services
- Chilled water
- Heating water
- Vehicle cooling systems
- Industrial cooling systems.

**ENVIRONEX offers a wide range of specially formulated chemicals for use in water treatment and boasts a wide range of clients using our products in numerous different applications successfully.**

**The chemicals and services listed are not an exhausted list but should serve as an indication of our capabilities and expertise. Our highly trained technical consultants will schedule a consultation with you to assess your unique situation, and advise a tailor-made chemical program to suit your needs. This will ensure you get the most cost effective outcome according to your needs. Please do not hesitate to contact us for further information on any of the listed items.**

## SWIMMING POOL SUPPLIES

### **SWIMMING POOL SUPPLIES**

**ALGAECIDE** – Algaecide winteriser for use in swimming pools during winter thus reducing the need for chlorine based sanitisers in the colder months.

Packaging options:- 1L, 5L

**STABILISED DICHLOR** – 100% soluble sodium dichloro isocyanurate powdered sanitiser.

Packaging options:- 2kg, 4kg, 10kg, 20kg

**LIQUID CHLORINE** – 12.5% (Sodium Hypochlorite). Liquid pool cleaner/sanitiser.

Packaging options:- 5L, 15L, 20L, 200L, 1000L

**DRY ACID** – To reduce pH levels.

Packaging options:- 2kg, 4kg, 20kg

**HYDROCHLORIC ACID 26%** – Liquid hydrochloric acid. Reduces pH in pool water.

Packaging options:- 5L, 15L, 20L, 200L, 1000L

**POOL BLOCKS** – To control algae, slime and black spots in swimming pools. Easy use tablet system.

Packaging options:- 1.5kg

**POOL BUFFER** – pH Buffer. Total alkalinity booster.

Packaging options:- 2kg, 4kg, 25kg

**POOL MAGIC** – Long lasting copper based algaecide. Unique pool product to help keep your pool spotless.

Packaging options:- 1L, 5L, 15L

**POOL STABILISER** – Stabiliser (conditioner) for pool water. Aids in preventing chlorine from dispersing from the pool by means of direct sunlight.

Packaging options:- 2kg, 4kg

**SODA ASH** – Dry powder to raise pH.

Packaging options:- 2kg, 4kg, 25kg

**SPA BROMINE TABLETS** – Sanitiser for pools and spas.

Packaging options:- 1kg

### **SWIMMING POOL SUPPLIES**

**STARVER** – Used to remove phosphates from water.

Packaging options:- 1L, 2L

**SULPHURIC ACID 34%** – Non-fuming acid for pools for pH control.

Packaging options:- 15L

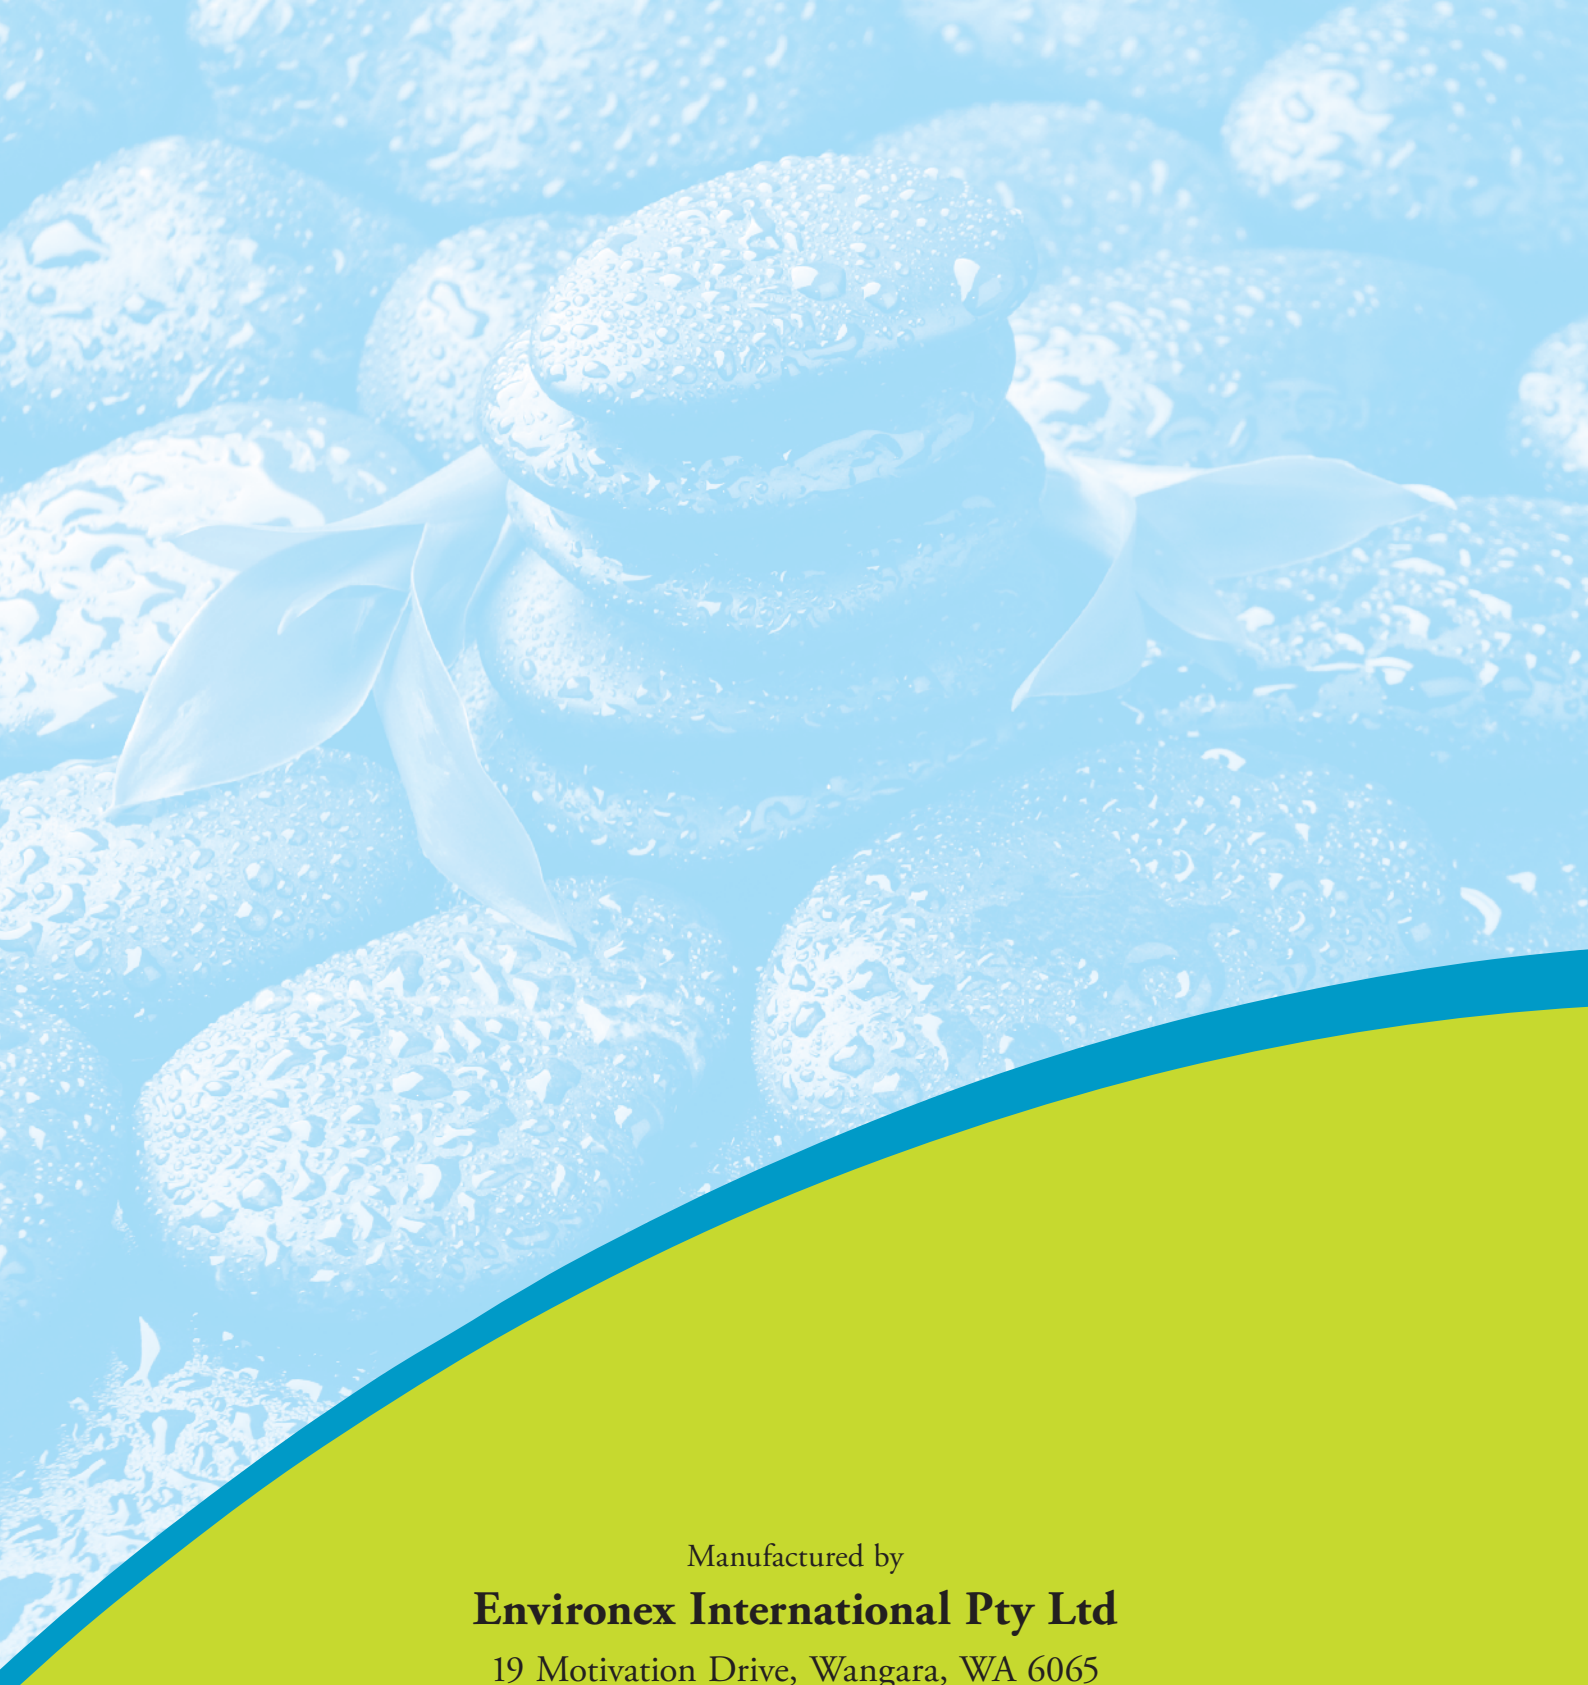

**WATER CLARIFIER** – Flocculating agent for clearing dull, cloudy water which also aids filtration.

Packaging options:- 1L, 15L

NOTES

[illegible]This image shows a vertical rectangular sheet of white paper designed for handwriting practice. It features 20 evenly spaced horizontal dashed lines running from left to right across the entire width of the page. There are no margins, text, or other markings on the paper.
